

OFFICIAL CLIENT HANDOVER GUIDE

VOWS & VENUES

Multi-Vendor Luxury Wedding & Event Marketplace

Environment: Official Cloud Staging **Host:** Render Web Services **Database:** MongoDB Atlas Cluster

Verification: 50/50 Tests Passed (100%)

1. OFFICIAL STAGING ACCESS LINKS

Portal	URL	Purpose
Live Marketplace	https://vowsandvenues-staging.onrender.com	Main customer & vendor responsive storefront
Admin Console	Via Top Navbar Profile Menu (or click Admin link)	Executive dashboard, KYC, CMS & finance
Vendor Portal	Via Top Navbar (or click "List My Services")	Storefront wizard, packages & lead inbox
Cloud Healthcheck	/api/health	Live Atlas cluster connectivity monitor
Git Repository	HimanshuOj/vowsandvenues (branch: staging)	Staging automated deployment repository

2. MASTER CREDENTIALS MATRIX

Super Admin Account

FULL ACCESS

Manages marketplace approvals, CMS content, bookings, and vendor payouts.

Email: admin@vowsandvenues.in
Password: Admin@2026
Role: admin

*Tip: Top avatar has a 1-click role switcher to switch between Admin, Vendor, and Customer views seamlessly.

Vendor & Customer Accounts

READY TO TEST

Live customer and vendor accounts for immediate testing:

Customer: rohit.verma@example.com
Password: secure123
Vendor: vendor@example.com
Password: Vendor@2026

*Anyone can also register a brand new account via "Sign In" -> "Create Your Account" with 1-click role selection.

3. COMPLETE ROLE ARCHITECTURE & WORKFLOW

Vows & Venues operates as a **multi-sided luxury Indian wedding platform**. Customers build celebrations and add multiple vendors to a single basket; vendors manage their storefronts and price packages; and the administration team monitors quality, handles KYC approvals, and oversees platform commissions.

4. SUPER ADMIN OPERATIONS CONSOLE (7 ENTERPRISE MODULES)

Logged in as `admin@vowsandvenues.in`, open the **Admin Console** to access all 7 operational suites:

1. Executive KPI Overview

- ✓ **Gross Merchandise Value (GMV):** Live calculation of all booked celebrations across India.
- ✓ **Platform Revenue:** Automated 10% take-rate earnings ledger.
- ✓ **Vendor Health:** Real-time counts of total vendors, verified creators, and pending KYC submissions.

2. Vendor KYC & Verification Suite

- ✓ **Inspect Profiles:** Review business name, contact, capacity, starting prices, and portfolios.
- ✓ **1-Click Approval:** Click "Verify" to grant the verified badge and publish the storefront.
- ✓ **Rejection Workflow:** Ability to reject or request documentation updates with audit logs.

3. Master Bookings & Invoicing Ledger

- ✓ **Multi-Vendor Breakdown:** Inspect which venues, caterers, decorators, and photographers are attached to each celebration.
- ✓ **Tax & Fee Transparency:** Full financial calculation: Subtotal + 18% GST + Platform Fee - Coupon Discount = Total.
- ✓ **Advance Payment Tracking:** Tracks 25% advance collected and 75% remaining balance.

4. Visual CMS Live Content Manager

- ✓ **No-Code Content Updates:** Edit Hero headline, brand taglines, announcements, and trust metrics.
- ✓ **Instant Publishing:** Updates save immediately to MongoDB Atlas without redeploying code.

5. Platform Finance & Vendor Settlement Ledger

- ✓ **Automated 10% Take-Rate:** System automatically calculates 10% platform fee and 90% vendor payout.
- ✓ **Settlement Status:** Track payout states (PENDING, PROCESSING, SETTLED) for each booked vendor.

6. Promo Codes & Coupon Engine

- ✓ **Active Codes:** ROYAL2026 (₹15,000 off on ₹1,00,000+ orders) & SHUBH10 (10% off capped at ₹20,000).
- ✓ **Rule Builder:** Create new codes with minimum order thresholds, discount caps, and expiry dates.

7. Luxury Media Library

- ✓ **Media Asset Manager:** Upload, tag, and categorize high-resolution celebration photography.
- ✓ **Auto CDN:** Optimized for mobile and desktop screens with instant caching.

5. VENDOR STOREFRONT & PORTAL GUIDE

1. 4-Step Onboarding Wizard

When a new wedding vendor registers on the platform, they are guided through a streamlined 4-step wizard:

- ✓ **1 Business Info:** Name, category (e.g. Venues, Catering, Decor), city, address, phone, and bio.
- ✓ **2 Photos & Portfolio:** Upload high-definition storefront cover image and celebration gallery.
- ✓ **3 Categories & Pricing:** Starting price per plate/day, capacity, and standard inclusions.
- ✓ **4 Review & Publish:** Direct submission for Admin KYC verification.

2. Tiered Package Creator

Vendors can create and customize tiered packages (e.g., *Silver Package*, *Royal Heritage Bundle*, *Cinematic Drone Add-on*) with individual pricing and deliverables.

3. Leads, Quotations & Booking Visibility

- ✓ **Inquiries:** Receive inquiries from couples with specific event dates and guest counts.
- ✓ **Custom Quotes:** Send customized price proposals directly through the portal.
- ✓ **Confirmed Bookings:** View upcoming celebration dates and payout schedules.

6. CUSTOMER EXPERIENCE & EVENT BUILDER GUIDE

1. Editorial Search & Multi-Filter Engine

- ✓ Browse across **11 Indian wedding categories** (Banquet Halls, Awadhi Catering, Mandaps, HD Makeup, Lehengas, Candid Cinema, DJ, Return Gifts, Garlands, E-Invites, Planners).
- ✓ Filter by **City** (Lucknow, Delhi NCR, Jaipur, Udaipur, Mumbai, Bengaluru), **Price Range**, **Rating (4.8+)**, and **Verified Only**.

2. All-in-One Event Builder Workspace

- ✓ **Unified Event Plan:** Name the celebration (e.g. *"Himanshu & Priya's Grand Wedding"*), pick date, city, and guest count.
- ✓ **Multi-Vendor Cart:** Add multiple independent vendors into one event (e.g. Royal Nawabi Palace + Shahi Dawat Catering + Gulmohar Luxury Decor + Drishti Wedding Cinema).
- ✓ **Live Budget Meter:** Real-time visual tracking of committed budget vs. remaining balance.

3. Promotional Checkout & Invoicing

- ✓ **Coupon Codes:** Enter ROYAL2026 or SHUBH10 to receive instant server-validated discounts.
- ✓ **25% Advance Lock-in:** Pay 25% today to reserve all vendors for the date; balance payable prior to the event.
- ✓ **Instant Tax Invoice:** Downloads/displays official confirmation voucher with booking reference (VV-2026-XXXX).

7. PRODUCTION SAFETY & TECHNICAL SPECIFICATIONS

Component	Specification & Safety Guarantee
Database Persistence	MongoDB Atlas Cluster with replica sets. Staging uses dedicated vows_and_venues_staging database. Zero ephemeral file loss.
Production Isolation	Production domain (vowsandvenues.in), production database, and customer data are 100% untouched .
Payment Mode	Strict sandbox test mode (simulated transactions; no live card charges).
Automated CI/CD	Automated pipeline: pushes to GitHub staging branch automatically run full test suite and deploy seamlessly.
